Designers, Busk + Hertzog

Lead Time: 9-10 weeks

Build your own nest...

The composition of Nest is simple yet brilliant, offering a modern and relaxed approach to a sofa. Make Nest your very own with lots of cushions, or use it as a regular sofa. Or use Nest as a lounge sofa - the extended sitting depth makes it possible to lie down for a genuine lounge atmosphere.

Usable as stand-alone or face-to-face in the living room, but just as practical and useful in the guestroom or the youth room where a comfortable sleeping function for two adults provides additional value
