

LEDGE:ABLE

Anne Linde, Designer

Lead Time: STOCK, or 8-10 weeks

A single unit small modular bookcase as well as a sculptural piece, the Ledge:Able individual racks are a modern design to hold a variety of items for both commercial and residential use. The various possibilities are endless, with a simple edge construction to form a neat shelf. Simple overhang wall mounting option makes installation effortless and effective. Made of powdercoated aluminium, Ledge:Able is strong and light. Various colour options as well as freestanding option. Hospitality suggestive use: menus behind with cutlery on the tray. Home use: keys, bathroom, garage, etc. Material used is magnetic for note holding.
